

Natural Gas Projects in Northern BC

- Potential/Proposed LNG Facility
- Existing Pipeline Right of Way
- - Potential Tanker Routes

Proposed Natural Gas Pipelines

- Pacific Northern Gas (Looping Project)
- Pacific Trails Pipeline (462km)
- Coastal GasLink Pipeline TransCanada
- Spectra Engery Pipeline: Coastal Routes
- Spectra Engery Pipeline Primary Route
- Prince Rupert Gas: Coastal Routes
- Prince Rupert Gas Transmission Project

Parks and Protected Areas

- Alaska Wilderness
- Protected Area
- Ecological Reserve
- Provincial Park

Name	Status	Proponent	Approx. Length	Route	Diameter	Capacity	Gas Source
Pacific Northern Gas	Existing	AltaGas				0.115 Bcf/d	
Pacific Trails Pipeline	EA: Complete	Chevron/ Apache	462 km	Summit Lake to Kitimat via Morice River.	36"	1.4 Bcf/d	Chevron/Apache's holdings in Horn River and Liard Basin
Spectra Natural Gas Transmission System	EA: Pre-Application	Spectra	870 km	Cypress to Ridley Island via Nass Valley.	36"- 48"	4.2 Bcf/d	
Coastal GasLink Pipeline Ltd.	EA: Pre-Application	TransCanada	650 km	Dawson Creek to Kitimat. Parallels most of PTP corridor except west of Burnie River.	48"	1.7 - 5.0 Bcf/d	
Prince Rupert Gas Transmission Project	Proposed; Submitting EA Project Description in 2013	TransCanada	900 km	Fort St. John to Lelu Island near Port Edward.			Progress's holdings in North Montney plus other
